Hardy Garden Daffodils

There are many misunderstandings about the names "Daffodils" and "Narcissus." The two names refer to the same race of plants, although often applied differently in various parts of the country. Regardless of which name you prefer, they are the first of the large flowering spring bulbs. They are easily cared for and will grow and bloom year after year unmolested.

PICTURE DAFFODIL COLLECTION

This extraordinary collection contains 1 each of all the Daffodils pictured on this page (unlabelled). All 12 of them would cost \$5.05 if bought separately. You save \$1.80. Truly an outstanding value.

All 12 Only \$3.25

SHOW GARDEN COLLECTION

Every year we plant our show garden with the finest varieties of Daffodils known. We compare and test all of the best (over 200 varieties) sent to us by our Holland associates, including many that sell for \$10.00 each and more. When these are harvested they go to make up this collection. Unquestionably the best Daffodil value.

1 Collection of 12 Bulbs Only \$1.95

BARGAIN DAFFODIL COLLECTION

This is the same as Show Garden Collection, only the bulbs are slightly smaller. All will bloom the first year, and you still get the advantage of the wonderful value in the show garden of 200 varieties. Truly an outstanding bargain and one you just can not afford to miss.

12 Bulbs Only \$1.00

Fragrant GARDENIA FLOWERED

Snowy white, sweet-scented, double flowers resembling the popular Gardenia. (3 for 45c); (6 for 80c); 12 for \$1.45).

World's Largest Daffodils

For years we have searched to find the very largest Trumpet Daffodil grown. Under varying conditions the two listed below meet this qualification, with ATOMIC AGE, brand new this year, the largest of them all.

ATOMIC AGE. This amazing Daffodil is fully ONE-THIRD LARGER than any Daffodil offered before. It is almost unbelievable, so we know you will thrill to its giant size and beauty. Atomic Age (Willem de Zwijger) actually measured 5 1/4 inches across last spring. With its all-yellow, wide-flaring open trumpet, it is a thrilling sight, and one you will never forget. If you plant any Daffodils at all this spring, be sure to include it in your list. (50c each); (3 for \$1.25); (6 for \$2.25); (12 for \$4.25).

MT. HOOD. Truly outstanding and the finest white Daffodil. Broad perianth and huge, wide open, ruffled trumpet. The only white trumpet we consider worth growing. (75c each); (3 for \$1.85); (6 for \$3.45); (12 for \$6.65).

Siam

THE GOVERNOR

Latest Trumpet to Bloom

Last of the giant trumpets to bloom, its bright yellow being a cheerful good-bye for the season. Much larger than King Alfred, and it withstands the heat and rain. Perfect keeper for cut flowers. (50c each); (3 for \$1.25); (6 for \$2.25); (12 for \$4.25).

RARE PINK DAFFODILS

SIAM. Without exception, the best of the pinks. Pure white perianth and a broad, flaring trumpet of clear apricot, changing to soft pink. Sold for \$2.00 in 1949. (60c each); (3 for \$1.50); (6 for \$2.75); (12 for \$5.25).

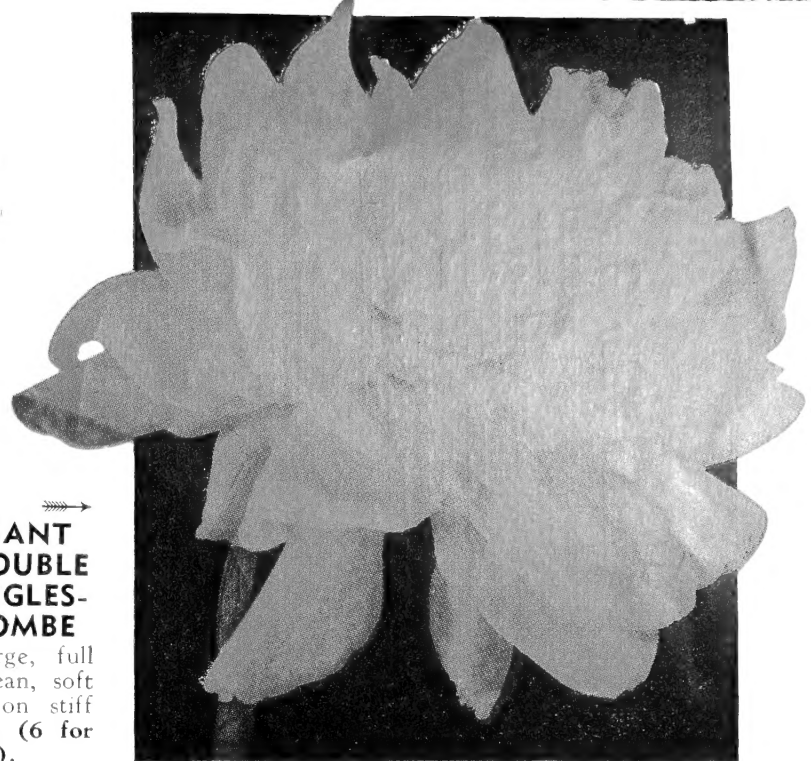

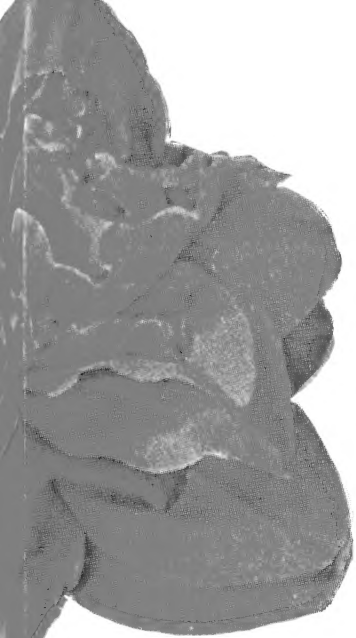

PINK FANCY. Very free flowering with a white perianth and apricot-pink trumpet. (3 for 75c); (6 for \$1.30); (12 for \$2.45).

MRS. R. O. BACKHOUSE. (3 for \$1.00); (6 for \$1.75); (12 for \$3.25).

RANUNCULUS

Large-Flowered Hybrids

Our large-flowered hybrids are by far the largest and finest strain we have ever seen. They produce full double flowers with a blending of semi-double and single blooms. Blooming size bulbs in mixed colors only. (20 for \$1.00); (50 for \$2.25); (100 for \$3.95).

COOPERIA or RAIN LILY

Blooms After Every
Rain

The Rain Lily is a Crocus-like flower measuring 2 to 3 inches across, that blooms in summer and fall after nearly every rain. Delightfully fragrant. ORCHID IRIS

The beautiful Orchid or Dutch Iris is not a plant but a hardy bulb that should be planted in the fall for June blooms. We consider the Dutch to be the hardiest and best of the bulbous Iris. Mixed colors only. (15 for \$1.00); (50 for \$2.75); (100 for \$4.95).

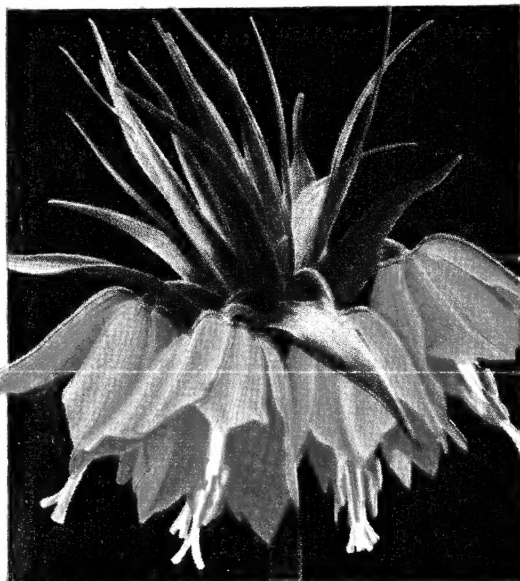

ANEMONE

3- to 5-inch flowers of light blue to brilliant scarlet and all the intermediate colors, borne on long stems. They grow well indoors and are quite hardy outdoors if covered during the winter. Mixture of colors. (20 for \$1.00); (50 for \$2.25); (100 for \$3.95).

1 Collection of 12 Bulbs Only \$1.65.
2 Collections Only \$2.95.

BLACK PARROT TULIP

The most remarkable new Parrot Tulip. The color of this gorgeous flower is a deep, velvety maroon-black and the only Parrot of this color in existence (see color photo). It originated as a single bulb 20 years ago and it took until last year to produce enough bulbs for sale. We believe we have the largest stock in existence. Do not be confused by others selling Allard Pierson as Black Parrot. In 1949 we sold it for \$1.50 for each bulb. (\$1.00 each); (3 for \$2.50); (6 for \$4.75).

BUNCH-FLOWERED TULIPS

A Bouquet On One Stem

This class of Tulips is unique in its blooming habit and is growing more popular every year. The name "Bunch-Flowered" comes from the fact that these varieties produce several flowers on a single stem. Only a few varieties have been developed so far and we offer here the two best.

ROSE MIST. The buds are creamy white with just a tinge of pink at the edge, but as it opens the pink coloring spreads to the entire petal just as though sprayed with a fine mist (see color photo). (3 for 65c); (6 for \$1.10); (12 for \$2.10); (25 for \$4.10).

WALLFLOWER. Glistering wallflower-red, with the interior clear yellow. A vigorous grower, producing 4 to 6 blooms on each stem. (3 for 65c); (6 for \$1.10); (12 for \$2.10); (25 for \$4.10).
